Compare Group is a network of 9 comparison websites in Europe with 70 million visitors per year, 3,200+ affiliated webshops, and more than 4.3 million leads to retailers per month. Since our founding in 1999, we have grown into one of the oldest and most established comparison websites in Europe.

Only pay for results

You only pay for visitors who click through to your webshop. No fixed costs and no long-term contracts, full flexibility to start or stop on a daily basis. Want extra assurance? Then choose our ROAS guarantee: we agree on a target return in advance and compensate the difference if it is not achieved.

This way, we share the risk and keep your investment focused on measurable growth. Because we take joint responsibility for the results, we assess per webshop whether participation in the ROAS guarantee is appropriate.

Daily reach among hundreds of thousands of consumers

Reach hundreds of thousands of consumers with high purchase intent every day. They actively compare prices, delivery times, and reviews at the exact moment they are ready to buy. Not generic traffic, but purchase-driven visitors with proven conversion potential.

More revenue through Europe's largest comparison websites

With 9 comparison websites in Europe, we provide direct access to multiple markets and scalable international growth through a single network.

You benefit from:

- Transparent positioning alongside (inter)national competitors
- Full control over your offering per country, at any time of day you can see your revenue, traffic, costs, and many other KPIs per product, product group, or feed.

Ready to grow risk-free?

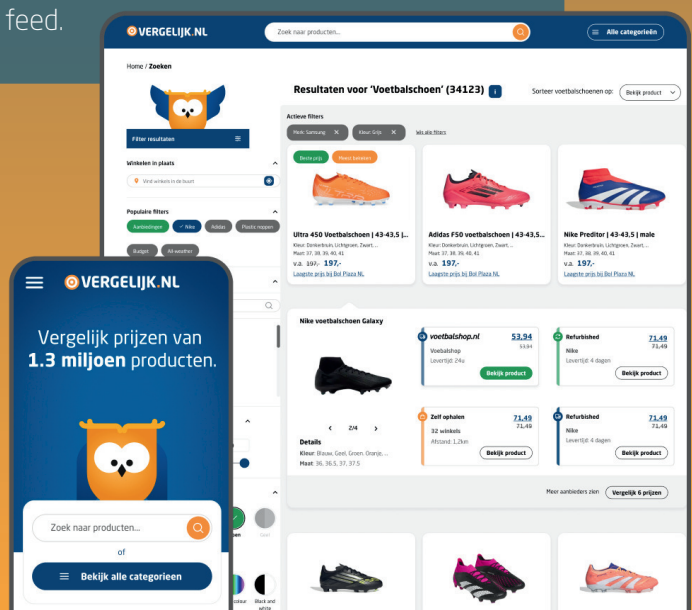

Discover how we can accelerate your growth.

Hi, I'm

Bennie

Bennie is our wise owl and cultural mascot. He represents our core values: helpful, honest, and down-to-earth. With room for fun, creativity, and the drive to make a difference.

We're proud of our entire team of Bennies, colleagues who demonstrate this mindset every day. Want to become a Bennie too? jobs.comparegroup.eu
